Subject: Request for permission to organize World Health Day on 08/04/2024

Respected Sir,

The NSS and NCC cell of the college would like to celebrate World Health Day on 08/04/2024. In this regard we would like to organize a poster campaign by the students creating awareness about several health and hygiene issues and practices in the nearby rural/slum areas.

We would also like to distribute sanitary kits and nutrition kits to the underprivileged adolescent girls and young children respectively. To fund this initiative a sum of Rs. 50 may be collected from each willing student as a Social Service Contribution to welfare the underprivileged. We kindly request you to give permission for the above.

Thank you.

Sincerely,
