We would like to inform that the AMC of the Application software will expire on 30th November 2023. We would be happy to continue providing our support services for another year. Please find below our proposal for renewal of AMC for your kind perusal.

1) Application software Modules covered

- b) Finance & Accounts System
- c) Payroll & HR
- d) Purchase & Stores System
- e) MIS System

2) Scope

The scope of AMC covers the following:

- a) Providing software updates, patches and fixes for any bugs detected during operation.
- b) Minor changes on existing report formats.

However, AMC does not cover any of the following:

- a) Development of new sub-modules.
- b) Major software modifications because of process changes.
- c) Any major change request that necessitates data structure changes, as that impacts the entire system.

In all such cases, we would do the necessary study and submit cost estimates for developing those sub-modules or for undertaking such major modifications and the same would be on charge-basis.
