

NOTICE

This is to notify that FMS, BCREC is going to organise a Webinar on Saturday, the 5th of December, 2020 via Google Meet Platform with an objective to impart Outcome-based Education beyond University Curriculum.

The details of the Webinar are as follows:

Topic: **“Expected Economic Conditions, Industry and Employment Trend post COVID –19 Pandemic”**.

Speaker: **Mr. Swarup Roy**, Executive/Partner, IBM. NJ. USA.

Online Platform: Google Meet (meet.google.com/itt-qwyk-cxq)

Time: 11:00 am - 12:00 pm

The objective is to prepare the students for the challenges of the new normals of life and profession in the current scenario. It is mandatory for all MBA first and second year students to attend the Webinar. All the students need to submit their responses after the event in the prescribed format within the specific deadline mentioned therein.

Dr. Rajib Roy.

HoD, FMS.

Date: 3rd December, 2020.

5th December, 2020

Dear Mr. Roy,

Sub.: Letter of Appreciation for the Address at the FMS IIPP Webinar Series

The FMS community was duly privileged to witness your address to the third webinar in the FMS Industry Institute Partnership Programme (IIPP), at 11:00 am (IST) on Saturday, the 5th of December, 2020 on “Expected Economic Conditions, Industry and Employment Trend post COVID - 19 Pandemic”. We were rendered especially grateful to have been able to adorn the endeavour with an Industry Leader as the torch bearer.

As stated earlier, the principal objective of the webinar (and the IIPP series) was to prepare the budding managers at FMS for the challenges of the new normals of life and profession in the current scenario. It was also seen as a fillip to all departmental efforts directed at building symbiotic relationships with prominent academicians and industry captains with the principal goal of furtherance of academic-pedagogical depth and deepening of didactic service delivery capabilities. Doubtlessly, the development of such relationships on a sustainable basis is also deemed to hold the potential to offer significant benefits to industry partners through knowledge sharing, joint research and development programmes and joint capacity building, as part of a broad spectrum of achievable goals in the context of a sustainable, evolving partnership. Your kind address did indeed serve to render all such aspirations quite accessible.

I thank you most heartily once again in appreciation of the efforts you took to make the event a remarkable success. I look forward to furthering all such symbiotic goals, as stated above, with the continued participation of noted academicians, alumni and other esteemed industry professionals in the region and across the globe.

Regards

Prof. (Dr.) Rajib Roy
HOD, FMS
