**Total Item Investigations** - The total number of times a content item or information related to a content item was accessed.

**Total Item Requests** - The total number of times the full text of a content item was downloaded or viewed.

**Article Request (NON-Counter)** - The number of documents requested from the server.

**Page Views** - The number of pages viewed on a Web site.

**Searches Run** - Reports the number of keyword searches performed.

**Visits** - Represents the number of individual durations of times visitors were on the site accessing a series of pages without 30 minutes of inactivity. A single visitor can account for multiple visits in a single day.
