About the Institute:

Dr. B. C. Roy Engineering College, Durgapur, named after Dr. Bidhan Chandra Roy, was established on 21st August, 2000 and is situated about 160 km away from Kolkata. Affiliated to AICTE under MAKAUT, BCREC offers UG & PG courses in Engineering, Technology & Management.

About the Department:

Mechanical Engineering Department, established in the year 2003, produces graduates who can meet the needs of rapidly changing industry which demands new skills and knowledge of modern technology. The Department offers B.Tech. in Mechanical Engineering and M.Tech. in Mechanical Engineering. Vision of the Department is to deliver world-class education and research in Mechanical Engineering, with particular regard to their application in industry, healthcare and commerce in a diverse society. The department has well qualified, experienced and dedicated faculty members with the specialization in niche areas like robotics, machine dynamics, computational fluid dynamics, design, turbo-machineries, composite materials, etc. It has a conducive ambience and specialized laboratories like CAD-CAM & Robotics Lab, Mechatronics Lab, etc along with conventional laboratories. The department is facilitated with high speed internet connection for acquiring knowledge from the web. Undergraduate students

get opportunity to involve themselves in high-end research work to build skills beyond curriculum.

Objective of the Program:

This course aims to provide a concise introduction to the fundamental concepts in Thermal Energy Transportation which is one of the most critical issues faced in various fields of science and technology. Inefficient thermal energy transportation creates numerous difficulties in operation and maintenance of equipment and processes. This naturally leads to requirement of enhancement in thermal energy transport. Extensive research has been carried out over the last few decades on various aspects, means and mechanisms of achieving enhanced thermal energy transport. This Workshop would provide an overview of the advancements achieved and future directions on enhanced thermal energy transport and aware the participants about research scope and prospects.
