Respected Sir/Madam,

Greetings from Dr. B.C.Roy Engineering College, Durgapur!

On behalf of Dr. B.C.Roy Engineering College, this is a request letter to seek your kind permission for a one-day field visit by some of the students of **Civil Engineering(3rd year)** to the **MSW Management Pilot Plant (one half) and Water Testing Facility (one half)** at CSIR-CMERI.

The students of Civil Engineering have studied Municipal Solid Waste Management, Water and Waste Water Quality testing and treatment in their 4 th and 5 th Semester course work. This one-day visit to MSW Management Pilot Plant and Water Testing Facility will give them practical exposure to the process of Solid Waste Management and Water Quality Testing and Analysis. This would be very beneficial for their knowledge enhancement and may also encourage them to take up a career in the field of environment and sustainability in the future.

The total number of students during the visit will be 30, accompanied by 4 faculty members (**total of 34 members**). The date for the visit would be any working day between **13th -20th October, 2022**, as permitted by you.

A letter from the concerned department HoD and the list of students are enclosed herewith for your kind perusal.

A positive approach in this regard makes our Academic and Industry Collaboration (**MoU signed on 18th, December,2021**) more effective and strengthened.

With thanks and regards,
Dr. Tribeni Prasad Banerjee
