PRESENTS
A SEMINAR ON
PROSPECTS AND CHALLENGES OF ONLINE
FOOD DELIVERY BUSINESS IN INDIA

SPEAKER
MR. SUMIT MISHRA
(ZONAL HEAD, ZOMATO)

TUESDAY, 06.12.2022
3:00 PM ONWARDS

A seminar on “Prospects and challenges of online food delivery business in India” was organized by the Faculty of Management Studies of Dr. B. C. Roy Engineering College, Durgapur on 6th of December, 2022. The seminar was attended by the students and the faculty members of MBA of Dr. B. C. Roy Engineering College.

The seminar commenced with a brief introduction of the session followed by the introduction of the guest speaker, Mr. Sumit Mishra, Zonal Head Zomato, Bihar, Alumnus, BCREC. The speaker was felicitated by Prof. Dr. Somroop Siddhanta, HOD FMS followed by opening remarks to set the underlying theme of the event. The session was then handed over to the speaker who took forward the session on a roll.

Mr. Mishra opened the session by sharing his career trajectory, describing the progression of his career, and how he gained a professional set of skills in sales and marketing and contributed to different dimensions to accomplish career goals. He highlighted the need for speed and adaptation, the agile era that revolutionised the way and prospects of online food delivery business, and the key driving force behind the success of companies like Zomato, Swiggy, etc.

Mr. Mishra also added that an agile strategy includes respect, collaboration, and improvement on learning cycles, pride in ownership and delivering values, and most importantly the ability to adapt to changes. In this context, he explained the various marketing model, tools, strategic planning for sales, and analysis focused on Zomato’s business model for food delivery and service.

At the end of the session, there was a question-and-answer session where the students proactively participated and asked a repertoire of questions that will help them to shape their own career route in

the very same domain. Overall, the session was very promising, interesting, participative, and informative. The session ended for the day with a vote of thanks to the invitee, the organizer of the seminar, and all those who were present in the session to make it memorable and informative.

To: SumanBhattacharjee<suman.bhattacharjee@bcrec.ac.in>

Respected sir,

We are happy to inform you that we, the students of Final Year, Dept. of Information Technology is conducting a Workshop on the topic 'Artificial Intelligence & Machine Learning' with collaboration of AICT Pvt. Ltd. on 28th March & 1st February.

It'll be an **offline physical mode Workshop** of 16 Hours (8 hours each day. Excluding lunch & session break)

We have also arranged some physical models to train in front of the participants' eyes for their betterment.

The major topics that'll be covered in these 16 hours are:

- Advanced Excel
- DBMS
- Power BI
- Tableau
- Python
- Machine Learning
- Deep Learning

We are charging 600/- rupees for each individual for this workshop.

Registration Link: <https://forms.gle/G53z7dF7BFQhxArj7>

Interested students can contact me anytime regarding any issues with registration or payment.

I request you to share these information with the junior students of our department as well as other departments.

Yours sincerely,
Shaunak Banerjee

Machine learning (ML) is a type of artificial intelligence (AI) that allows software applications to become more accurate at predicting outcomes without being explicitly programmed to do so. Machine learning algorithms use historical data as input to predict new output values. Machine learning is a type of artificial intelligence (AI) that provides computers with the ability to learn without being explicitly programmed. Machine learning focuses on the development of computer programs that can change when exposed to new data.

The process of machine learning is similar to that of data mining. Both systems search through data to look for patterns. However, instead of extracting data for human comprehension -- as is the case in data mining applications -- machine learning uses that data to detect patterns in data and adjust program actions accordingly.

Workshop On Android App Development

Android Development is now one of the trending technologies in the field of IT sector. This technology produces high opportunity for the students of Computer Science. But to work on IT sector theoretical knowledge of these technologies is very important in the course duration. Also need hands-on experience which can only come by practical sessions and going through real life demo projects in workshops.

So, from the department of CSD we have arranged a free workshop for the students of CSE, CSD, CSE(AIML), EE, and ECE. The motto of this workshop was to provide required knowledge on Android Platform, Android Studio, Environment Setup for Android Development, Concept of VCS, and different working layers of Android. After completing this workshop students can continue his/her android development on different projects.

After successful completion student was awarded by participation certificate.

Report For News Paper
On
“Innovation Driven by Women 2023”

Dr.B. C. Roy Engineering college , Durgapur organized a special program on the occasion of International Women’s Day on “Innovation Driven by Women” on 15.3.2023. The session began with the welcome address by Prof (Dr) Susanta Dutta, HOD, Dept EE, Dr B. C. Roy Engineering College, Jemua Road, Fuljhore, Durgapur. Prof. Kamalika Tiwari, Coordinator jointly with IIC, BCREC introduced the resource persons Dr. Nalini Pareek, Senior Scientist, CSIR-CSIO and (Dr.) Hasina Khatun, Principal Scientist, CSIR-CEERI. The objective of the webinar was to introduce the participants to the power and potential of technology and innovation for accelerating women in gender equality and the rights of all women and girls. For too long, discriminatory stereotypes have prevented women in science, technology, Engineering and math (STEM). women have made untold contributions to the digital world in which we increasingly live. Their accomplishments have been against all odds, in a field that has historically neither welcomed nor appreciated them.

Their underrepresentation in STEM education and careers remains a major barrier to their participation in tech design and governance. This Webinar intended to orient participants towards developing their own research plans and focus on interdisciplinary research areas and promote women participants in innovation .

Dear Madam,

Greetings from Dr. B. C. Roy Engineering College, Durgapur!

It is a great pleasure to inform you that the *Department of Electrical Engineering in collaboration with the Institution's Innovation Council*, is going to organize a **One-Day Webinar on "Innovation Driven By Women"** to be held on 15th March 2023 (3.00 pm-3.45 pm) to celebrate **Women's Day** as a mark of achievement for women.

On behalf of our **Dr. B. C. Roy Engineering College and a group of Institutions**, I would like to extend a warm invitation to you, to be a speaker for the webinar to share your valuable views with our students, faculty, and staff members.

We hope to receive your acceptance soon and a **short CV** of yours with the topic of the presentation.

Dear Mam

Thank you very much indeed for the invitation.
Kindly consider this mail as an acceptance for the same.

Attached is a brief about my work as required.

The topic of my presentation will be:

"Hyperbolic Metamaterials: From Next Generation Vacuum Electron THz sources to Wideband Absorbers"

Thanks and Regards
