

About The Author

Raja Dey is an Assistant Professor in the Department of Computer Science & Engineering at JIS College of Engineering, Kalyani, West Bengal. He holds B.Tech and M.Tech degrees from reputed government engineering colleges in West Bengal and has also qualified the UGC-NET in Computer Science & Applications. With more than 16 years of experience in teaching and academic administration, he has played a pivotal role in shaping technical education. He has been granted 20 patents across various domains in Computer Science and Engineering. His research primarily focuses on emerging technologies such as Artificial Intelligence, Machine Learning, and the Internet of Things (IoT), where he is dedicated to exploring innovative solutions and driving technological advancements.

Subhodip Koley serves as an Assistant Professor in the Department of Computer Application at JIS College of Engineering, Kalyani, West Bengal. With over two years of expertise in teaching and academic administration, he has significantly contributed to educational excellence. His research interests are centered on emerging technologies, particularly Artificial Intelligence, Machine Learning, Deep Learning, Image Processing, Fuzzy Systems, Generative AI, and Quantum AI. Through his scholarly activities, Subhodip continually explores innovative solutions and advancements, aiming to bridge theoretical insights with practical applications. His commitment to education and research ensures continuous improvement and effective integration of cutting-edge technologies in academia, fostering a dynamic learning environment for students and peers alike.

Kaushik Roy Choudhury earned his B.E. (Hons.) in Computer Science & Engineering from Vidyasagar University in 2003, M.Tech in Computer Science & Engineering from NIT Durgapur in 2010, and is currently pursuing a Ph.D. in Engineering from the Central Institute of Technology, Kokrajhar. He is an Assistant Professor in the Department of Computer Science & Engineering at JIS College of Engineering, Kalyani, since July 2024, previously serving at the Academy of Technology, NSHM Knowledge Campus, and Bengal College of Engineering and Technology. With over two decades of academic and industry experience, including a tenure as a Technical Coordinator at TATA Steel, he has played a crucial role in university examination cells and was twice selected as University Station Supervisor. He has also contributed to the INFOSYS Campus Connect program. His research focuses on Computer Networks, Network Security, Cryptography, Data Mining, IoT, and AI. Proficient in C, C++, Java, Oracle, and MySQL, he possesses strong analytical and communication skills. His interests include traveling, playing cricket, and listening to music.

Pronay Pal is an Assistant Professor in the Department of Information Technology at JIS College of Engineering, Kalyani, West Bengal. With more than 18 years of experience in teaching and academic administration, he has made significant contributions to the field of education. His research focuses on emerging technologies, including Artificial Intelligence, Machine Learning, and Deep Learning, where he explores innovative solutions and advancements.
