Dr. B.C ROY ENGINEERING COLLEGE
ACADEMIC AND ADMINISTRATIVE AUDIT

Name, Designation and Address of Academic Audit Experts:

Prof. (Dr.) Sanjay Sengupta
Prof. (Dr.) Pabitra Kumar Dey

Members of the Department Present:
Prof. (Dr.) Gour Sundar Mitra Thakur
Prof. (Dr.) Arnab Banerjee
Prof. Atin Mukherjee
Prof. Biswajit Saha
Prof. Suman Dasgupta

Date / Dates of Audit: 4th November, 2025

A. DEPARTMENT DETAILS

Name of Department:	Computer Science & Engineering (AIML)								
Name of Programme:	**B. Tech**								
Academic year	**2024-25**								
	1st Year (1st Sem)	**1st Year (2nd Sem)**	**2nd Year (3rd Sem)**	**2nd Year (4th Sem)**	**3nd Year (5th Sem)**	**3nd Year (6th Sem)**	**4th Year (7th Sem)**	**4th Year (8th Sem)**	**Total Credit**

C. FACULTY DETAILS

Please provide the list of faculty in the Department as per the below format separately (year wise). List should be kept ready with all supporting evidence of Appointment letters / Promotion letters / degree details / others if any

S. No.	Name	PAN No.	Qualification	Area of Specialization	Designation	Date of Joining	Date on which Designated as Professor/ Associate Professor	Currently Associated (Y/N)	Nature of Association (Regular/Contract/ Adjunct)	If contractual mention Full time or Part time	Date of Leaving (In case Currently Associated is "No")
1.	Gour Sundar Mitra Thakur	AUVPM2047E	PHD	Artificial Intelligence	Associate Professor	01/02/2014	01/09/2021	Y	Regular	NA	NO
2.	Biswajit Saha	AYWPS4576R	B.E, M.E, Ph.D(Pursuing)	Software Engineering	Assistant Professor	10/01/2014	NA	Y	Regular	NA	No
3.	Dr. Arnab Banerjee	BHTPB5890C	Ph.D. (Engg)	Deep Learning, Computer Vision, Pattern Recognition	Assistant Professor	01.07.2023	NA	Y	Regular	NA	NO
4.	Suman Dasgupta	AJZPD0181B	B.Tech, M.Tech, PhD(Pursuing)	Signal Processing, Machine Learning, Digital Circuits, Object-oriented programming, Computer Architecture	Assistant Professor	01.03.2003	NA	Y	Regular	NA	NO
5.	Atin Mukherjee	BRLPM0048K	BTech, MTech,PhD(Pursuing)	EdgeAI,Embedded AI, AIoT,IoT	Asst. Prof.	7.7.2015	NA	Y	Regular	NA	NO

D. DEPARTMENTAL DECENTRALIZED WORKING STRUCTURE

Different departmental committees with minutes of meeting of the committees (for decentralized working)

(Only provide Structure / Committees etc. Minutes of meetings will be cross verified at time of audit)

E. MINUTES OF THE MEETING

Internal Department Meeting minutes showing the discussion on the following issues. Whether students and parents are part of some meeting. Please provide whether the following are done by mentioning Yes / No (Keep documents ready for verification by the audit team)

1. Subject Allocation
2. Lesson plans
3. Syllabus Coverage
4. Feedback Analysis & Action taken
5. Program outcome and curricular Gap identification
6. Mentoring
7. Add-on-Courses

V. SWOT ANALYSIS:

SWOC	ANALYSIS
STRENGTH:	1. High amounts of interactions between students and teachers, Students have very easy access to faculties and staff, and their problems are addressed as soon as possible—even beyond working hours. 2. Faculty members and staff members are constantly working to improve their subject-matter expertise. 3. Highly experienced faculty members 4. Full admission with satisfactory quality of students

	5. Ample research opportunities 6. State of the art curriculum for the courses under autonomy.
WEAKNESS:	1. Poor industry-institute cooperation and interaction 2. The curriculum is not current. 3. Students' industry orientation needs to be improved upon.
OPPORTUNITIES:	1. Promoting employment and startup prospects 2. Management Support 3. A Comfortable Workplace 4. Numerous amenities, including the campus medical center, faculty enclaves, central libraries, canteens, gyms, and well-maintained playgrounds with distinct areas for basketball, football, and cricket.
Threats / Challenges:	1. Limited academic flexibility as a result of university affiliation. 2. The absence of industry in the neighborhood 3. Increasing competition

A. SWOT ANALYSIS:

SWOC	ANALYSIS
STRENGTH:	1. High amounts of interactions between students and teachers, Students have very easy access to faculties and staff, and their problems are addressed as soon as possible—even beyond working hours. 2. Faculty members and staff members are constantly working to improve their subject-matter expertise. 3. Highly experienced faculty members 4. Full admission with satisfactory quality of students 5. Ample research opportunities 6. State of the art curriculum for the courses under autonomy.
WEAKNESS:	1. Poor industry-institute cooperation and interaction 2. The curriculum is not current. 3. Students' industry orientation needs to be improved upon.
OPPORTUNITIES:	1. Promoting employment and startup prospects 2. Management Support 3. A Comfortable Workplace 4. Numerous amenities, including the campus medical center, faculty enclaves, central libraries, canteens, gyms, and well-maintained playgrounds with distinct areas for basketball, football, and cricket.
Threats / Challenges:	1. Limited academic flexibility as a result of university affiliation. 2. The absence of industry in the neighborhood 3. Increasing competition

D. DEPARTMENTAL DECENTRALIZED WORKING STRUCTURE

Different departmental committees with minutes of meeting of the committees (for decentralized working)

(Only provide Structure / Committees etc. Minutes of meetings will be cross verified at time of audit)

1. Examination Committee: Prof. (Dr.) Jaya Mukhopadhyay (Convener), Prof. (Dr.) Sukalpa Dey, Prof Debadrita Sen, Sm. Arpita Dutta

2. Routine Committee: Prof. (Dr.) Jayanta Pal, Prof. (Dr.) Sourav Bhattacharya Prof. Sarabjeet Lahiri, Prof. Sreejata Sen Sharma

3. Purchase committee: Dr. Saurav Ranjan Das, Dr. Jayanta Pal, Dr. Shashi Bajaj Mukherjee, Dr. Sukalpa Dey, Dr. Sukarna Dey Mondal, Prof. Kaushik Senapati

4. R&D committee: Dr. Arnab Bandyopadhyay, Dr. Taniya Chakraborty, Dr. Shashi Bajaj Mukherjee

5. NAAC Coordinator: Prof. (Dr.) Sourav Bhattacharya

6. NBA Coordinator: Prof. (Dr.) Avijit De

7. NIRF Coordinator: Prof. (Dr.) Jaya Mukhopaddhyay

E. MINUTES OF THE MEETING

Internal Department Meeting minutes showing the discussion on the following issues. Whether students and parents are part of some meeting. Please provide whether the following are done by mentioning Yes / No (Keep documents ready for verification by the audit team)

1. Subject Allocation: Yes
2. Lesson plans: Yes
3. Syllabus Coverage: Yes
4. Feedback Analysis & Action taken: No
5. Program outcome and curricular Gap identification: N/A
6. Mentoring Yes
7. Add-on-Courses: Yes

H. COURSE FILE PREPARATION AND VERIFICATION:

Course file should include:

1. Vision & Mission of the Institute 2. Vision & Mission of the Department 3. Program Outcomes (POs) 4. Program Specific Outcomes (PSO) 5. Course Outcomes (COs) 6. Class Time Table & Faculty Time Table 7. Syllabus 8. Course handouts/Lecture schedule (include the list of additional topics to meet the outcomes, if required?) 9. Assignments/Tutorial question papers with solutions 10. Continuous evaluation papers with solutions 11. Lecture notes (Hand written/typed) 12. Consolidated attendance statement of students 13. Consolidated semester grades of students 14. Result analysis 15. Sample copies of evaluated answer scripts of Class test, assignments, tutorials, lab records(Highest, average and marginal pass). 15. Weak learner and advanced learner identification. 16. Remedial measures for weak learners

Q. ANY BEST PRACTICE FOLLOWED BY THE DEPARTMENT

Best practice with supporting details of implementation

The communication skill support services, provided by BCREC functions at two stages:

1. Language and communication skill development in 1st & 2nd Semester (B.Tech Programs)
2. Soft skill Training for 6th and 7th Sem (B.Tech Program, MBA as well as MCA) students
3. These are non-coded, non-credit sessions designed to support the communicatively challenged learners at BCREC and prepare them for placement at the end of their course

A. SWOTANALYSIS:

SWOC	ANALYSIS
STRENGTH:	Highly Qualified and experienced faculty members having PhDs and postdocs from IITs, NITs, SITs and other esteemed Institutions of National or Global importance. They are highly dedicated and well mannered, having inherent skills for teaching. We have good classroom infrastructure, tutorial rooms, one smart classroom and well equipped undergraduate laboratories.
WEAKNESS:	Lack of dedicated Research Laboratory and other Research facilities. It would be great if all class rooms are equipped with overhead projector facilities.
OPPORTUNITIES:	A Research Laboratory is under process, facilities are being improved, and encouragement is given to the faculty members with special leave, registration fees reimbursement, award money for paper publications in SCOPUS index Journals, Conferences etc. A R&D budget of 5,00,000/- is made available for the department. A few analytical instruments have been already purchased. Multidisciplinary add on courses are to be floated for the holistic developments of the students, B.Tech project activities and subsequent publication and student collaboration.
CHALLENGES:	Class room attendance of the students (75% mandatory attendance for all) are to be improved. Application based questions are to be included in all the question papers. Students should be made more motivated for research activities and hands on work, more practical and real life problem solutions

H. COURSE FILEP REPARATION AND VERIFICATION:

Course file should include:

1. Vision & Mission of the Institute 2. Vision & Mission of the Department 3. Program Outcomes (POs) 4. Program Specific Outcomes (PSO) 5. Course Outcomes (COs) 6. Class Time Table & Faculty Time Table 7. Syllabus 8. Course handouts/Lecture schedule (include the list of additional topics to meet the outcomes, if required?) 9. Assignments/Tutorial question papers with solutions 10. Continuous evaluation papers with solutions 11. Lecture notes (Hand written/typed) 12. Consolidated attendance statement of students 13. Consolidated semester grades of students 14. Result analysis 15. Sample copies of evaluated answer scripts of Class test, assignments, tutorials, lab records (Highest, average and marginal pass). 15. Weak learner and advanced learner identification. 16. Remedial measures for weak learners

A. SWOTANALYSIS:

SWOC	ANALYSIS
STRENGTH:	1. The department provides excellent teaching-learning environment with the necessary infrastructures, laboratories, equipments, computers and software. The department is growing over the years by expanding its infrastructural, laboratory and research requirements progressively. 2. Dedicated and experienced faculty members with degrees from IITs, NITs and well experienced support staffs. 3. The department attracts and retains its faculty members for a longer period of time. 4. High percentage of faculty member with PhD degree (34% approx). 5. Students gain exposure to a wide range of real-world civil engineering projects, including road construction, national highways, and infrastructure monitoring. 6. Some students receive financial compensation, which boosts motivation and offers financial assistance. 7. Internships involve the use of modern software like STAAD.Pro and non-destructive testing (NDT), enhancing technical skills. 8. Projects like highway widening and COVID ward construction help students understand the challenges of large-scale projects and emergency infrastructure.
WEAKNESS:	1. Admission of student in the first year. 2. Not all students have access to paid internships, and the quality of internship projects may vary, leading to an uneven learning experience. 3. Students' participation in the research and publication due to lack of post-graduate programs.

OPPORTUNITIES:	1. Opening of post-graduate programs. 2. Emphasizing new-age tools like BIM (Building Information Modeling), GIS (Geographic Information Systems), and AI-based construction analysis can enhance student learning. 3. Introducing more projects focused on renewable energy, green buildings, and sustainable construction materials can align students with industry trends.
Threats / Challenges:	1. The civil engineering job market is competitive, and students may need additional qualifications or specialization to stand out. 2. Admission of student in the first year. 3. Attracting good quality students.

A. SWOT ANALYSIS:

SWOC	ANALYSIS
STRENGTH:	1. Industry oriented curriculum in syllabus 2. Competent & well experienced faculty members in the Department.
WEAKNESS:	1. Newly established department in college as well as in University level. 2. The Students qualities are moderate that needs regular mentoring.

OPPORTUNITIES:	1. Students are exposed to new technologies which is beneficial in achieving their career goal. 2. Hands-on experience in latest emerging fields will provide them advantage in industry.
CHALLENGES:	1. According to the curriculum set up of state-of-art new labs for the students. 2. Upgrade the student's up to the level that they will succeed in their respective domains.

A. SWOT ANALYSIS:

SWOT	ANALYSIS
STRENGTH:	• Qualified faculty profile: **4 Ph.D., 1 M.Tech, 1 pursuing Ph.D.** → strong teaching & research base. • **Research and innovation output (AY 2024–25):** o **2 SCI-indexed journal publications** o **26 conference papers** o **3 book chapters** o **5 patents filed** • Presence of **1 technical assistant** for lab operations. • **2 computer laboratories** supporting curriculum delivery. • Manageable batch strength allows **effective mentoring**. • Active **faculty involvement in research and academic writing**.
WEAKNESS:	• Limited faculty strength (**6 only**) → may affect course diversity, electives, and project guidance. • Only **1 technical assistant** for two labs → operational bottlenecks possible. • **2 computer labs** may not suffice for simultaneous multi-year lab requirements. • Although publications are good, **SCI/Scopus indexed journal publications** can be increased. • Few funded research projects and consultancy activities. • Administrative workload may restrict faculty focus on high-quality research.
OPPORTUNITIES:	• Build upon strong publication and patent record to **attract external funding (DST, AICTE, SERB, etc.)**. • Scope to **increase journal publications in high-impact SCI/Scopus journals**. • Faculty with Ph.D. can **collaborate nationally/internationally** for joint research projects. • Potential to **upgrade labs with emerging technologies** (AI, IoT, Cybersecurity, Data Science). • Strengthen **industry-academia collaborations** for patents, consultancy, and sponsored research. • Scope for **interdisciplinary research** with other departments. • Organize **international conferences/workshops** leveraging faculty expertise.

Threats/ Challenges:	• Rising **competition from peer institutions** with larger research grants and higher publication counts. • **Retention of research-active faculty** may be difficult without sufficient funding or infrastructure support. • Pressure from regulatory/accreditation bodies (**NBA/NAAC**) to maintain research output consistently. • Fast-changing **industry needs** may demand newer skills, tools, and labs. • Students' placement expectations in **R&D-focused roles** may be challenging if research-industry linkage is weak.

INTERNAL ACADEMIC AND ADMINISTRATIVE AUDIT
ACADEMIC YEAR: 2024-25

Department: Computer Science & Engineering (Data Science) **Date:10-Sep-2025**

1. **Reminder to Update Course-Related Details in ERP**
   The course list for the academic year 2024-25 has been updated in the ERP and the course mapping has been done correctly. However, it has been observed that the following course-related details are yet to be uploaded in the ERP:

   (i) Class test questions
   (ii) Lesson plans
   (iii) Course attainment
   (iv) Course files

   In addition, the department is also required to update the course-related data for the previous academic year in the ERP.
2. **Completion of Course Mapping and Regular Monitoring of Data Uploads in ERP for the 2025–26 Semester**
   The academic records of the faculty and staff members of the department have been uploaded. In some cases, the process is still pending and will be completed before the Puja vacation.
3. **Status of Faculty and Staff Academic Records Upload and Pending Completion Before Puja Vacation**
   The academic records of the faculty and staff members of the department have been uploaded. In some cases, the process is still pending and will be completed before the Puja vacation.
4. **Department Publication Report**
   The publication details of the department for the academic year are furnished below:

   (i) Scopus Indexed Journal Publications: 2
   (ii) Extended Source Citation Indexed Journal Publications: 4
   (iii) Conference Publications: 26
   (iv) Book Chapters: 3
   (v) Patent: 5

   The above publication figures are quite promising and show an improvement compared to the last academic year. In addition, all the FDP data for the departmental staffs are correctly reported in the ERP.
5. **Event Reporting for AY 2024-25Event Reporting for AY 2024-25**

   Event-wise committees have been created and events are being reported in the ERP for the academic year 2024-25. However, as per the suggestion of IQAC, the consolidated event report requires rectification. Each event report should mandatorily include the following:

   (i) Notice of the event
   (ii) Brochure/flyer about the event

DR. B. C. ROY ENGINEERING COLLEGE * Durgapur

(iii) Speaker details (if any)
(iv) Geotagged photographs
(v) Participation list
(vi) Outcome and impact of the event
(vii) Feedback summary
(viii) Sample certificates (if issued)

Departments are requested to ensure that all event reports are updated in the ERP accordingly.

6. **Preparation of Centralized Department Committee Structure**
   It is suggested to prepare a centralized committee structure for both academic and administrative departmental works from the academic year 2025-26 onwards. Such committees should be formed and uploaded in the ERP, along with:
   - The relief order (if applicable)
   - The minutes of the meetings of those committees, as per requirement

   Departments are requested to take necessary action accordingly.
7. **Staffing and SFR Status**
   (i) The Student–Faculty Ratio (SFR) for AY 2024-25 is 24.
   (ii) The SFR for AY 2025-26 has increased to 30, which indicates a need for improvement.

   At present, the department has one technical staff. To ensure smooth and effective conduct of laboratory sessions, one additional technical staff is required.
8. **Budget Utilization Report**
   The budget utilization for the academic year 2024-25 is approximately 86%, which is considered quite satisfactory.
9. **Learning Management System (LMS)**
   The department is using the Canvas Learning Management System (free version). All faculty members have utilized this platform for delivering their respective courses during the academic year 2024-25.
10. **Spoken Tutorial Add-on Courses**
    The department has conducted Spoken Tutorial courses from IIT Bombay as part of its add-on course offerings. A total of 12 Spoken Tutorial courses were offered by the department during the academic year 2024-25.

Any Comments by External Auditor

The suggestions provided during last year meeting mostly which deserves appreciation were incorporated

I have few points as part of suggestion for further improvement.

- internal dept. hackathon may be organized to motivate students to tackle real-world problems
- Courses like MLOPS, GenAI, AgenticAI may be introduced as elective for industry level exposure.
- The faculty strength may be increased to have a better SFR.

Ref: BCREC/CSE /DAC/2025-26/Even/002 **Date:** 03/07/2025

To finalise the **Action Taken Report** based on feedback on academics and facilities for the even semester of Academic Year 2024-25, a special DAC meeting was held on July 3, 2025, at 3:00 PM. Students in the Department of Computer Science and Engineering submitted their comments on the college's portal.

The main points of the Action Taken Report are as follows:

- **Action Taken Report based upon Feedback for Academics for the even semester, AY2024-25**

  - The feedback on acquiring new technical or scientific knowledge demonstrated good adaptability in the teaching and learning process.
  - Students were able to address problems related to their field of study by applying their skills and knowledge.
  - The pupils greatly valued the engaging and successful lessons.
  - Students have recognised that the lab is furnished with the required contemporary tools and equipment, and that the curriculum and laboratory experiences are pertinent to the demands of the current economy.
  - Positive comments were made about the student mentoring and counselling processes. Additionally, students' overall communication skills improved.

- **Action Taken Report based upon Course End feedback, AY2024-25**

The course end feedback was taken from 1st, 2nd, 3rd and 4th year students about the courses they have studied in the even semester of the AY 2024-25. The feedback was submitted through the college website.

Questions asked	Student's feedback	Action Taken
How much of the syllabus was covered in the class?	84% of the students agreed that about 75% of the syllabus had been covered	Faculties are advised to take additional classes to complete the syllabus
How well did the teachers prepare for the classes?	90% of the students are quite satisfied with the preparation of teachers during classes	Faculties are advised to use ICT for teaching-learning purposes to create a smart learning environment
How well were the teachers able to communicate?	83% of students are satisfied with the teacher's communication	It has been advised that the classes be made more interactive
The teacher's approach to teaching can best be described as	87% of the students are satisfied with the teaching approach	Teachers are advised to adopt a more interactive approach to teaching
Fairness of the internal evaluation process by the teachers	82% of the students are satisfied with the internal evaluation process	It is advised to re-evaluate a student in case of any dissatisfaction identified among the students about the evaluation process
Was your performance in assignments discussed with you?	88% of the students agreed that the discussion had taken place for the assignments given to the students	Teachers are advised to focus more on continuous evaluation
The institute takes active interest in promoting internship, student exchange, field visit opportunities for students	67% of the students agreed about the institute's active interest in promoting internship	The department takes necessary action to promote different internship programs for the betterment of the students
The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences	70% of the students agreed that teachers use student-centric methods for enhancing learning experiences	Teachers are advised to take different teaching-learning methodologies to make the learning process more student-centric
Teachers are able to identify your weaknesses and help you to overcome them	76% of the students said that teachers identify their weaknesses and help them to deal with that	Teachers are advised to identify the strengths and weaknesses of students and take remedial classes to overcome students' weaknesses and provide the right level of challenges
The teachers illustrate the concepts through examples and applications.	84% of the students agreed with the explanation of concepts through proper examples	Teachers are advised to illustrate concepts through examples.

- **Action Taken Report based upon Program End feedback (Exit Survey) for 2025 Pass out Batch, AY2024-25**

The 2025 pass-out batch provided the program's final feedback. The departing fourth-year computer science and engineering students posted their comments on the college's website.

- The majority of students expressed high levels of satisfaction with the department's overall academic growth-related indices and different facets of the teaching-learning mechanism.
- Approximately 90% of the students said they had mastered the capacity to use their understanding of science, math, and engineering principles to tackle challenging engineering challenges.
- Approximately 80% of students said they could apply information and techniques from research, such as data design, analysis, and interpretation.
- Nearly ninety-three percent of the students said they understood how professional engineering solutions affected the environment and society.
- According to 85% of the students, they could perform well both as leaders or members and as individuals.

The following are the main steps followed in order to identify the achievement gap in relation to the needs of different stakeholders:

- To help undergraduate students understand the challenges and opportunities of the industry, lectures by working professionals will be arranged from time to time.
- Workshops are going to be arranged where the students will be trained in popular languages and trending areas.
- More career guidance-oriented lectures and soft skill development sessions would be conducted throughout the program curriculum.
- More industry site visits are going to be arranged by the department.
- Faculties are advised to undertake more experiment-oriented teaching-learning sessions and to use ICT for teaching-learning purposes to create a smart learning environment.
- The department has decided to provide all students with add-on certificate courses, along with other programs, which will help close the gap between industry demands and academic standards.
- Specific remedial classes going to be arranged for the slow learners based on their requirements.
- The placement and guidance cell will be advised to introduce different TBT and SST-based training methods to prepare students for different campus drives and job interviews.
- It has been agreed to encourage more students to take part in tech fests, Hackathons, and coding competitions held by various institutions and organisations.
- Additional classes will be arranged to provide appropriate guidance and training to help students get ready for internship possibilities and competitive exams like GATE, CAT, GRE, IES, etc.

- **Action Taken Report based upon Feedback on Facilities for the even semester, AY2024-25**

  - The majority of students expressed satisfaction with the different facilities, including the lab, library, hostel (if appropriate), and sports facilities.
  - Water, sanitation, and hygiene facilities were also evaluated.

Student recommendations:

- While the majority of students expressed satisfaction, a small minority of students (9%) believed that the canteen facilities could be improved.
- A small number of first-year students had some problems with the hostel amenities.
- The students were given the assurance that any complaints (if any) with the dorm and canteen amenities will be brought up at the proper forum and addressed as soon as feasible.

H. COURSE FILE PREPARATION AND VERIFICATION:

Course file should include:

1. Vision & Mission of the Institute 2. Vision & Mission of the Department 3. Program Outcomes (POs) 4. Program Specific Outcomes (PSO) 5. Course Outcomes (COs) 6. Class Time Table & Faculty Time Table 7. Syllabus 8. Course handouts/Lecture schedule (include the list of additional topics to meet the outcomes, if required?) 9. Assignments/Tutorial question papers with solutions 10. Continuous evaluation papers with solutions 11. Lecture notes (Hand written/typed) 12. Consolidated attendance statement of students 13. Consolidated semester grades of students 14. Result analysis 15. Sample copies of evaluated answer scripts of Class test, assignments, tutorials, lab records (Highest, average and marginal pass). 15. Weak learner and advanced learner identification. 16. Remedial measures for weak learners

L. WORKSHOPS/SEMINARS CONDUCTED ON *RESEARCH METHODOLOGY*, *INTELLECTUAL PROPERTY RIGHTS (IPR)*, *ENTREPRENEURSHIP*, OR ANY OTHER RELEVANT TOPICS OF ENGINEERING / SOCIAL IMPORTANCE OR PROFESSIONAL SOCIETY ACTIVITIES, EVENTS, CONFERENCES ORGANIZED OR FACULTY DEVELOPMENT PROGRAM ORGANIZED DURING THE YEAR

(The events should be supported with an even report along with Geotagged Photographs. Event report should include Circular, Brief Description of Seminar, Some photographs, Attendance of participating students/ faculty)

Year	Name of the Event	Number of Participants	Date From – To	Type of Activity	Event Reports are prepared and submitted in data repository (Yes /No)
2025	Poster Presentation	34	April 23, 2025	The event successfully fostered an environment of knowledge, sharing and collaboration.	Yes
2025	ENIGMA	63	May 16, 2025,	Participants to develop a strong blend of technical, analytical, and collaborative skills.	Yes
2025	IEEE WIE Chapter.	125	July 16, 2025,	Inspired participants to pursue ethical, impactful, and innovative research in emerging technologies.	Yes
2025	CIACON 2025	54	July 18-19, 2025	It provides an impactful platform for knowledge sharing and collaboration from industry and academia.	Yes

v. SWOT ANALYSIS:

SWOC	ANALYSIS
STRENGTH:	• **Experienced Faculty with Strong Academic Backgrounds**: Teachers with high quality experience and academic background continuously trying to strengthen the students through Class and laboratory teaching, Industry/Research oriented project guidance, and regular mentoring and counseling of students. • **Excellent Placement Record**: Excellent overall placement of students in IT industry. • **Continuous Professional Development:**All faculty members are engaged in continuous up gradation of knowledge and teaching methodology through FDP and online courses. • **High-Quality Computing Resources:**Adequate and quality computing resources with proper maintenance. • **Active Research Engagement**: Pursuance of research by almost all faculty members and significant research contributions in some important fields. • **Comprehensive Student Support: A** wide range of support services, including academic advisingand career counseling provided to help students succeed both academically and personally.
WEAKNESS:	• **Limited Industry Partnerships:**Limited partnerships with leading companies restricting opportunities for internships, industry projects, and exposure to real-world applications of the skills being taught. • **Outdated Curriculum in Certain Areas:** Curriculum not regularly updated, leading to students learning outdated technologies or practices. • **Limited Alumni Involvement:** Although the department maintains some contact with alumni, there is limited alumni engagement in mentoring, networking, and contributing to curriculum development.

OPPORTUNITIES:	• **Expanding Industry Collaborations:** The department can increase partnerships with leading organizations to create opportunities for internships, industry projects, and job placements. • **Enhancing Alumni Engagement:** Engaging more with alumni can provide mentorship and career advice. Alumni can also help with networking and mentoring. • **Emphasizing Soft Skills Development:** Teaching soft skills like communication and teamwork can improve employability. • **Focusing on Interdisciplinary Collaboration:** Working with other departments can lead to innovative projects. Interdisciplinary work offers a broader perspective.
CHALLENGES:	• **Motivating Students for Research in Emerging Fields:** Encouraging students to engage in research in new and emerging fields is challenging. It requires creating interest and providing adequate resources and mentorship. • **Focus on Higher-Paying Job Placements:** There is a need to increase efforts on securing job placements with higher salary packages. This can help attract top students and improve the department's reputation. • **Rapid Technological Changes:** Keeping up with the fast pace of technological advancements is challenging. Constant updates to the curriculum are required to stay relevant. • **Maintaining Industry Relevance:** Bridging the gap between academic teaching and industry needs can be tough. Continuous collaboration with industry is necessary.

H. COURSE FILE PREPARATION AND VERIFICATION:

Course file should include:

1. Vision & Mission of the Institute 2. Vision & Mission of the Department 3. Program Outcomes (POs) 4. Program Specific Outcomes (PSO) 5. Course Outcomes (COs) 6. Class Time Table & Faculty Time Table 7. Syllabus 8. Course handouts/Lecture schedule (include the list of additional topics to meet the outcomes, if required?) 9. Assignments/Tutorial question papers with solutions 10. Continuous evaluation papers with solutions 11. Lecture notes (Hand written/typed) 12. Consolidated attendance statement of students 13. Consolidated semester grades of students 14. Result analysis 15. Sample copies of evaluated answer scripts of Class test, assignments, tutorials, lab records(Highest, average and marginal pass). 15. Weak learner and advanced learner identification. 16. Remedial measures for weak learners

Q. FEEDBACK (STUDENT, PARENT, ALUMNI)

Whether the feedback is taken and action taken reports are prepared. Course end feedback and Program end feedback are required.

Dr. B C Roy Engineering College
Department of Electronics and Communication Engineering

Ref:BCREC/ECE/DAC/MoM/ODD/25/03/21

Date: 21.03.25

The Department of Electronics and Communication Engineering has undertaken several initiatives in response to the key observations identified through the student feedback process. Emphasis was placed on enhancing the academic and co-curricular experience, with targeted interventions including the expansion of extracurricular engagement, structured mentorship programs, and the incorporation of practical, industry-aligned components within the curriculum. These measures have contributed meaningfully to addressing student concerns and strengthening the overall learning ecosystem.
To maintain this trajectory of improvement, the department has proposed additional measures focused on infrastructure modernization, deeper industry collaboration, and the establishment of a robust and iterative feedback framework. These ongoing efforts underscore the department's sustained commitment to academic excellence and student-centric development.

Report of the Special DAC Meeting
Held on: 21-03-2025
Venue: Advanced Prototype Lab

The Department Advisory Committee (DAC) convened to discuss the student feedback for the academic year 2024-25 (ODD) and the subsequent action taken to address identified areas for improvement. The meeting concluded with the unanimous approval of the ATR and the proposed recommendations for sustained development.

Course-End Feedback Analysis and Action Taken Report (ATR)
Odd Semester, Academic Year 2024–25
1. Overview
The Course-End Feedback was compiled and evaluated for all semesters in the Department of Electronics and Communication Engineering (ECE) during the Odd Semester of AY 2024–25. The survey addressed various academic components such as instructional methods, syllabus coverage, assessment practices, and overall student involvement. This document presents a summary of insights gathered and the remedial steps initiated by the department.

---

2. Key Feedback Summary
2.1 Noted Strengths

Parameter	Observation	% Positive Response
Syllabus Completion	Most students acknowledged 80%–100% coverage across courses.	81%
Teaching Methodology	Received favorable ratings of "Very Good" or higher.	76%
Faculty Communication	Appreciated performance reviews and timely updates.	73%
Teaching-Learning Outcome	Positive outlook on overall academic delivery.	71%

2.2 Areas for Improvement

Area	Feedback Highlights	% Positive Response
Evaluation Fairness	While 77% felt satisfied, some pointed out ambiguous marking schemes.	77%
Use of Practical Examples	Requests for more real-life applications to support theory.	66%
Extracurricular Integration	Freshers reported inadequate exposure to non-academic activities.	61%

3. Measures Implemented

3.1 Curriculum and Teaching Enhancements

- Embedded real-world case studies and problem-oriented learning modules.
- Deployed tools such as MATLAB and domain-specific simulation environments in core lab sessions.

3.2 Assessment Reforms

- Organized workshops on standardizing rubrics and making evaluation criteria transparent.
- Instituted rubric-based grading in internal and lab assessments.
- Made pre-assessment disclosure of evaluation schemes compulsory.

3.3 Enrichment Beyond Curriculum

- Increased student access to Xilinx and Prototyping labs for innovation projects.
- Initiated bimonthly events like tech expos, quizzes, and hackathons.
- Introduced Induction Club activities for first-year students to boost involvement.

3.4 Mentorship and Academic Guidance

- Implemented structured one-on-one feedback meetings twice a semester.
- Strengthened the mentorship program with a fixed 1:10 faculty-student ratio.

4. Semester-Specific Initiatives

Semester	Feedback Highlight	Action Taken
1st Semester	Limited practical relevance in core foundation courses	Conducted mini-projects and open lab sessions in key subjects.
3rd Semester	Expectations for more modern lab components	Integrated IoT kits, Raspberry Pi modules, and updated lab tools.
5th Semester	Low industry linkage in some subjects	Hosted expert-led workshops and guest lectures from industry figures.
7th Semester	Lack of dedicated support for major projects	Assigned fixed mentoring hours each week for final-year projects.

5. Recommendations

Focus Area	Suggested Action

Mentorship Structure	Define clear deliverables with semester-linked checkpoints.
Industry Exposure	Broaden MoUs with companies for internships and course alignment.
Pedagogical Innovation	Implement AR/VR-based teaching and gamified learning where relevant.
Feedback Mechanism	Introduce anonymous mid-semester surveys for real-time course review.

6. Summary Statistics

Parameter	Value
Satisfaction with Teaching	76%
Syllabus Completion Satisfaction	81%
Satisfaction with Evaluation Fairness	77%
Students Wanting More Practical Examples	34%
Students Wanting More Extracurricular	39%

Semester-End Feedback Action Taken Report (ATR)

1. Overview

This report outlines the actions undertaken by the Electronics and Communication Engineering (ECE) Department in response to the Course-End Feedback collected for the Odd Semester of 2024–25. The feedback was analyzed thematically under academic delivery and infrastructure services, highlighting priority areas and corresponding corrective actions initiated to enhance the overall student experience.

---

2. Key Feedback Summary

2.1 Academic Feedback

Parameter	Positive Response (%)	Observations / Challenges
Knowledge Acquisition	74%	~18% of students reported difficulty applying concepts practically.
Mentorship & Counselling	76%	Gaps observed in uniformity and consistency across year groups.
Pedagogy & Communication	81%	A segment (12%) preferred more activity-based classroom interaction.
Communication Skill Gains	78%	Growth noted, but varied across batches; some require follow-up.

2.2 Facility Feedback

Facility Area	Positive Response (%)	Observations / Challenges
Laboratories & Libraries	62%	Shortage of working lab instruments; limited access slots.
Hostel Hygiene & Amenities	63%	22% cited dissatisfaction with cleanliness and basic amenities.
Internet Access	13%	Persistent issues in hostel connectivity; intermittent outages.

---

3. Actions Taken

3.1 Academic Interventions

Initiative	Description
Practical Reinforcement	Hands-on mini-projects added in 3rd & 5th semesters to improve applied learning.
Mentorship Restructuring	Standardized mentor-student ratio; assigned mentors based on academic year.
Pedagogy Enhancement	Internal sessions held on case-based, inquiry-driven learning techniques.
Classroom Engagement Tools	Introduced subject-specific visual simulations and interactive Q&A components.

3.2 Facility Improvements

Area	Action Taken
Laboratories	Procured replacement equipment and increased batch-wise access sessions.
Libraries	Extended evening hours; introduced QR-based digital login for streamlined use.
Internet Services	Installed access points on each hostel floor; pending full bandwidth rollout.
Student IT Support	Functional IT Helpdesk initiated; ticket-based response within 48 hours.

---

4. Recommendations

Focus Area	Proposed Action
Feedback Monitoring	Introduce in-semester anonymous surveys to identify early-stage concerns.
Industry Collaboration	Revise industrial internship modules; schedule semester-aligned expert lectures.
Blended Learning	Expand LMS with recorded content, topic-wise quizzes, and discussion boards.
Student Engagement	Establish annual activity calendar combining academic, cultural, and technical events.

---

5. Summary Snapshot

Metric	Value
Overall Academic Satisfaction	77.4%
Overall Facilities Satisfaction	64.8%
Internet Access Dissatisfaction Rate	44%
% of Students Seeking More Practical Learning	18%
% of Students Suggesting Interactive Pedagogy	12%

Student Satisfaction Survey Report (SSS)(ATR)

1. Objective of the Report

This report presents a structured comparative analysis of student feedback obtained at the end of the semester from the Department of Electronics and Communication Engineering. It focuses on two primary domains: academic delivery and institutional facilities. The report highlights key student observations and outlines remedial actions undertaken by the department to enhance the quality of education and support systems.

---

2. Academic Feedback: Comparative Analysis and Remedial Actions

Category	Key Observation	Corrective Action Implemented
Knowledge Acquisition	74% reported acquisition of new knowledge; ~18% were unsure of its practical application.	Embedded mini-projects in core laboratories to improve experiential learning.
Real-Life Problem Solving	72% linked coursework to real-life scenarios; gaps noted in exposure.	Introduced case-based modules and conducted live hardware/software demonstration sessions.
Industry Relevance	77% found curriculum relevant; several students suggested updates with newer tech.	Revised content to incorporate IoT, AI, Embedded Systems, and contemporary industry practices.
Mentorship & Counselling	76% found support adequate; 2nd-year students noted inconsistency in mentoring.	Reorganized mentoring structure with reduced group sizes and year-specific faculty allocation.
Learning Environment	79% rated the environment positively; foundational courses saw low engagement.	Introduced interactive visual aids, AR/VR content, and gamified elements in base-level courses.
Communication Skills	81% indicated improvement; early-year students requested more active forums.	Launched public speaking workshops and semester-wise debate clubs for language reinforcement.
Faculty Subject Expertise	82% rated highly; some students expected more industrial relevance in examples.	Conducted FDPs focused on domain-specific examples, visual pedagogy, and industry-aligned teaching.
Teaching Pedagogy	80% found delivery effective; 20% requested more engaging teaching methods.	Adopted flipped classroom methods, integrated simulation-based tools, and peer-assist strategies.

3. Facilities Feedback: Comparative Analysis and Remedial Actions

Category	Key Observation	Corrective Action Implemented
Classroom Infrastructure	63% rated as satisfactory; feedback highlighted outdated seating and ventilation.	Upgraded seating, improved airflow, and installed interactive boards in major classrooms.
Laboratory Facilities	65% reported satisfaction; delays occurred due to insufficient lab inventory.	Additional lab kits procured; extended lab slots and optimized equipment scheduling.
Library Access	66% rated positively; requests included longer access and more digital resources.	Extended timings, added e-journals, and enabled remote access to subscribed repositories.
Hostel Amenities	Only 40% rated positively; complaints centered around hygiene and infrastructure.	Maintenance upgrades initiated, new purifiers installed, sanitation cycles increased.

Campus Cleanliness	25% dissatisfaction, primarily in hostel corridors and shared zones.	Weekly audits launched, new waste bins installed, additional staff recruited for upkeep.
Canteen Services	18% rated food quality and hygiene unsatisfactory.	Engaged with food vendor, introduced student feedback polls, and revised menu with hygiene checks.
Internet Connectivity	18% experienced persistent connectivity issues, especially in hostels.	Deployed high-gain routers, increased bandwidth, and established a student-facing IT support desk.

4. Continuous Improvement Plan

Focus Area	**Planned Follow-up Strategy**
Curriculum Modernization	Establish a curriculum review cycle with participation from industry partners and alumni.
Mentorship Quality	Monitor mentorship through semester-wise feedback and mentor review sessions.
Facility Monitoring	Schedule monthly facility audits and publish infrastructure performance dashboards.

The Action Taken Report (ATR) for the academic year 2024-25 (EVEN) highlights the efforts undertaken by the ECE Department to address the key findings from the student feedback. Through targeted actions, such as the enhancement of extracurricular opportunities, improved mentorship programs, and the integration of real-world applications into the curriculum, significant progress has been made in addressing student concerns and fostering an enriched learning environment. These initiatives reflect the department's commitment to continuous improvement and holistic development.

To ensure sustained progress, further recommendations have been proposed, focusing on infrastructure upgrades, stronger industry connections, and consistent feedback mechanisms. The department remains dedicated to implementing these measures, strengthening the academic experience, and supporting student aspirations.

Report of the Special DAC Meeting
Held on: 04-08-2025
Venue: Advanced Prototype Lab

The Department Advisory Committee (DAC) convened to discuss the student feedback for the academic year 2024-25 and the subsequent action taken to address identified areas for improvement. The meeting concluded with the unanimous approval of the ATR and the proposed recommendations for sustained development.

Course-End Feedback Analysis and Action Taken Report (ATR)

1. Overview

The Course-End Feedback was collected and analysed across all semesters in the Electronics and Communication Engineering (ECE) Department for the Even Semester of 2024–25. The survey focused on multiple aspects of the academic process, including teaching quality, syllabus completion, evaluation fairness, and student engagement. This report summarizes the key findings and outlines actionable interventions implemented by the department.

2. Key Feedback Summary

2.1 Strengths Identified

Parameter	Key Observation	% Positive Response
Syllabus Coverage	Majority of students confirmed completion between 85% and 100%.	**85%**
Teaching Approach	Rated "Excellent" or "Very Good" across faculty members.	**80%+**
Engagement & Communication	Students appreciated regular performance-related discussions.	**78%**
Overall Teaching-Learning Process	Strong satisfaction with the teaching-learning environment.	**75%**

2.2 Areas Needing Improvement

Area	Observation	% Positive Response
Fairness in Evaluation	Though 80% found it fair, several students noted unclear criteria in some courses.	**80%**
Use of Examples & Illustrations	Need for improved concept demonstration through real-life applications.	**70%**
Extracurricular Encouragement	First-year students felt the structure for non-academic involvement was insufficient.	**65%**

3. Actions Taken

3.1 Strengthening Teaching and Learning

- Introduced **case studies**, **problem-based learning**, and **industry scenarios** during lectures.
- Deployed **MATLAB**, **Simulink**, and domain-specific simulation tools in higher-semester labs.

3.2 Streamlining Evaluation Practices

- Conducted **faculty workshops** on clear articulation of evaluation rubrics.
- Implemented **standardized grading rubrics** for internal assessments and lab evaluations.

- Mandatory declaration of assessment criteria before each evaluation.

3.3 Improving Extracurricular Engagement

- Increased availability of **Xilinx Lab** and **Advanced Prototyping Lab** for student-led initiatives.
- Organized **hackathons**, **tech quizzes**, and **mini project expos** every alternate month.
- Initiated first-year **Induction Club Projects** to promote early exposure.

3.4 Structured Performance Discussions

- Instituted **bi-semester one-on-one feedback sessions** between students and course instructors.
- Set up **mentorship groups** (faculty-to-student ratio of 1:10) for tailored academic guidance.

---

4. Semester-Specific Highlights

Semester	Key Challenge	Action Taken
1st Semester	Lack of real-world context in foundational subjects.	Open lab sessions in **Basic Electrical Engineering** and **Engineering Drawing**. Mini Projects.
3rd Semester	Demand for modern tool integration in labs.	Updated practical's with **IoT kits**, **Raspberry Pi**, and **embedded modules**.
5th Semester	Industry relevance of course material.	Introduced **guest lectures** and **hands-on workshops** with industry experts.
7th Semester	Limited time for project guidance amid tight curriculum.	Allocated dedicated **weekly mentoring slots** for final-year project discussions.

---

5. Recommendations

Area	Suggested Initiative
Mentorship Enhancement	Define measurable mentorship objectives tied to semester-wise milestones.
Industry Integration	Extend **MoUs with core companies** for internships and curriculum inputs.
Interactive Pedagogy	Introduce **AR/VR modules**, gamified simulations, and **interactive platforms**.
Feedback Loop	Conduct **mid-semester anonymous feedback** to allow timely corrective measures.

---

6. Summary Statistics (at a glance)

Parameter	Value
% Satisfied with Teaching	81%
% Satisfied with Syllabus Coverage	85%
% Calling Evaluation Fair	80%
% Want More Examples in Teaching	30%
% Want Better Extracurricular Scope	35%

Semester-End Feedback Action Taken Report (ATR)

1. Overview

This Action Taken Report (ATR) summarizes the feedback received from students of the Electronics and Communication Engineering (ECE) Department for the Even Semester 2024–25. The report categorizes key observations into academic and facility-related themes, identifies critical challenges, and documents actions undertaken to improve the academic experience and campus infrastructure.

---

2. Key Feedback Summary

2.1 Academic Feedback

Parameter	Positive Response (%)	Observations / Challenges
Knowledge Acquisition	78%	12% felt uncertain about practical application of knowledge.
Mentorship & Counselling	80%	Inconsistencies noted in 2nd-year mentorship quality.
Pedagogy & Communication	85%	8% requested more interactive and participative classroom formats.
Communication Skill Gains	82%	Indication of growth, but requires reinforcement in some groups.

2.2 Facility Feedback

Facility Area	Positive Response (%)	Observations / Challenges
Laboratories & Libraries	65%+ rated Excellent/Very Good	Concerns about limited equipment and restricted access hours.
Hostel Hygiene & Amenities	67% rated Good or above	13% rated amenities Poor; 20% dissatisfied with hygiene.
Internet Access	Only 15% rated Excellent/Very Good	Noted as the lowest-rated area; poor connectivity in hostels.

---

3. Actions Taken

3.1 Academic Interventions

Initiative	Description
Mini-Projects & Lab Enhancement	Integrated hands-on mini-projects in the **Xilinx** and **Advanced Prototyping Labs**.
Real-Life Case Integration	Developed new **case-based assignments** for practical reinforcement of theoretical topics.
Structured Mentorship Groups	Reduced batch sizes in mentorship groups; senior faculty assigned as mentors for consistency.
Faculty Pedagogy Workshops	Conducted internal workshops on **flipped classroom**, simulation-based learning strategies.
Interactive Lectures	Adopted visual aids, animations, and live simulations during classroom teaching.

3.2 Facility Improvements

Area	Action Taken
Laboratories	Purchased additional equipment; improved scheduling to increase accessibility.
Libraries	Extended operating hours and enabled **remote digital access to e-resources**.

Internet Services	Upgraded hostel and academic block routers; increased bandwidth allocation.
Connectivity Support	Launched dedicated **IT Helpdesk** for student internet issues.

---

4. Recommendations

Focus Area	Recommended Initiative
Continuous Monitoring	Conduct **mid-semester feedback rounds** to measure real-time response to actions taken.
Industry Collaboration	Expand **MoUs with industries** for internships, workshops, and expert sessions.
Digital Learning	Deploy **LMS platforms and e-learning content** for 24/7 access to learning materials.
Holistic Engagement	Organize regular **hackathons**, **coding competitions**, and **cultural fests** for all-round development.

---

5. Summary Snapshot

Metric	Value
Overall Academic Satisfaction	80.2%
Overall Facilities Satisfaction	68.5%
Internet Access Dissatisfaction Rate	41%
% of Students Seeking More Practical Learning	12%
% of Students Suggesting Interactive Pedagogy	8%

Student Satisfaction Survey Report (SSS)(ATR)

1. Purpose of the Report

This Comparative Action Taken Report presents a structured review of the semester-end feedback received from students of the ECE Department, with focused insights across **Academic Delivery** and **Institutional Facilities**. The analysis emphasizes key observations and delineates corresponding remedial actions to strengthen teaching practices, infrastructure, and student support systems.

2. Academic Feedback: Comparative Analysis and Remedial Actions

Category	Key Observation	Corrective Action Implemented
Knowledge Acquisition	78% acknowledged gaining new knowledge; 12% unsure of its practical utility.	Introduced **mini-projects in core labs** to bridge theory and application.
Real-Life Problem	76% could relate concepts to real-life issues; some pointed to insufficient	Implemented **case-based learning modules** and live demonstration sessions.

Solving	exposure.	
Industry Relevance	80% found the curriculum relevant; 20% wanted more alignment with emerging technologies.	Revised syllabi to include **IoT, AI, Embedded Systems**, and other current trends.
Mentorship & Counselling	80% rated it satisfactory; second-year students flagged inconsistency in guidance.	Restructured mentoring by **reducing mentor group sizes** and assigning **faculty year-wise**.
Learning Environment	82% found it positive; lower engagement noted in foundational subjects.	Introduced **AR/VR-enabled content** and gamified tools for foundational courses.
Communication Skills	85% felt improvement; 1st-year students sought more speaking opportunities.	Launched **workshops on public speaking** and regular debate clubs for early semesters.
Faculty Subject Expertise	85% rated faculty expertise highly; a few students wanted more real-world examples in class.	Conducted **faculty development sessions** to integrate industry examples and visual illustrations.
Teaching Pedagogy	85% found pedagogy effective; 15% requested more engaging delivery methods.	Deployed **flipped classroom strategies** and **simulation-based teaching** platforms.

3. Facilities Feedback: Comparative Analysis and Remedial Actions

Category	Key Observation	Corrective Action Implemented
Classroom Infrastructure	67% rated classrooms positively; a few reports on outdated infrastructure.	Upgraded classrooms with **ergonomic seating, better ventilation, and enhanced AV setups**.
Laboratory Facilities	69% expressed satisfaction; some highlighted delays due to limited equipment.	**Procured new lab kits**, increased redundancy, and **extended lab access hours**.
Library Access	70% found resources adequate; requests received for longer hours and more e-books.	**Extended operating hours**, added **digital journal subscriptions** and access to online databases.
Hostel Amenities	30% rated as Poor/Good; hygiene and room conditions were commonly mentioned.	Initiated **refurbishment drive**, installed **water purifiers**, and improved **cleaning frequency**.
Campus Cleanliness	20% expressed dissatisfaction, especially for hostel and communal spaces.	Appointed **additional housekeeping staff**, began **weekly cleanliness audits**, and waste bins installed.
Canteen Services	15% rated food quality as poor.	Reviewed vendor performance, **modified menu based on student polls**, and ensured hygiene compliance.
Internet Connectivity	20% faced connectivity issues, mainly in hostels.	Upgraded to **high-speed routers**, expanded bandwidth, and launched an **on-call IT helpdesk**.

4. Continuous Improvement Plan

Focus Area	Follow-up Strategy
Academic Effectiveness	Mid-semester feedback and rapid cycle improvements based on student responses.
Curriculum Modernization	Periodic curriculum revision involving **industry stakeholders** and **academic advisory boards**.
Mentorship Quality	Semester-wise **mentor-mentee performance tracking** and training sessions for mentors.
Facility Upkeep & Monitoring	Monthly review of facilities, student satisfaction tracking, and **infrastructure health audits**.
Digital Learning Ecosystem	Roll-out of **LMS platforms**, e-content repositories, and hybrid resource access mechanisms.

A. SWOTANALYSIS:

SWOC	ANALYSIS
STRENGTH:	S-1:Reputed degree Engineering college in West Bengal S-2:Availability of experienced faculty S-3:Good Institute infrastructure S-4:Excellent students output & employability S-5:Excellent learning resources E-learning S-6:Financial stability S-7:Excellent land availability for future college expansion
WEAKNESS:	W-1:Weak Industry – institute interaction/ collaboration W-2:Weak Research and development culture W-4:Admission procedure is mandated by Govt. W-5:Demographic disadvantage owing to tertiary location of the institute. W-7:Lack of opportunity for developing Industry Institute partnership
OPPORTUNITIES:	O-1:SME& Institute partnership O-2:Opportunity for consultancy arrangement between 0-3:SME and Institute O-4:Opportunity for Alumni networking O-5:Huge opportunity for resource sharing with reputed central Institutes.
Threats / Challenges:	C-1:Lackluster growth in manufacturing industries creating socio economic flux C-4:There is serious competition from other good and well equipped private Institutions - so BCREC must grow fast in academics & research. C-5:Spasmodic capacity building initiatives.

Electrical Engineering Department

Dr. B. C. ROY ENGINEERING COLLEGE, DURGAPUR

(An Autonomous Institute, Affiliated to MAKAUT)

ACADEMIC AND ADMINISTRATIVE AUDIT

Name, Designation and Address of Academic Audit Experts: **Dr. Debashis Chatterjee**
Professor, Dept. of EE, Jadavpur University
Email: debashisju@yahoo.com

Members of the Department Present: Prof (Dr.) Shibendu Mahata (HoD), Associate Professor
Prof (Dr.) Ritu Rani De Maity, Assistant Professor
Prof (Dr.) Kingsuk Majumdar, Assistant Professor
Prof Adhit Roy, Assistant Professor

Internal Date of Audit: 19-08-2025
External Date of Audit: 11-09-2025

H. COURSE FILE PREPARATION AND VERIFICATION:

Course file includes:

1. Vision & Mission of the Institute 2. Vision & Mission of the Department 3. Program Outcomes (POs) 4. Program Specific Outcomes (PSO) 5. Course Outcomes (COs) 6. Class Time Table & Faculty Time Table 7. Syllabus 8. Course handouts/Lecture schedule (include the list of additional topics to meet the outcomes, if required?) 9. Assignments/Tutorial question papers with solutions 10. Continuous evaluation papers with solutions 11. Lecture notes (Hand written/typed) 12. Consolidated attendance statement of students 13. Consolidated semester grades of students 14. Result analysis 15. Sample copies of evaluated answer scripts of Class test, assignments, tutorials, lab records (Highest, average and marginal pass). 15. Weak learner and advanced learner identification. 16. Remedial measures for weak learners

Q. FEEDBACK (STUDENT, PARENT, ALUMNI)

The feedback of the departmental students are taken centrally and action taken reports are prepared. Course end feedback for all students, Program end feedback for 2025 pass out batch and students satisfaction survey are taken for all the students. Feedback reports are analysed and accordingly the action to be taken are discussed in the DAC meeting.

SWOT Analysis

SWOT/SWOC	Analysis
Strengths	1. 20 out of 27 faculties are PhD degree holders (~74%). 2. Publications in reputed international SCI-E journals by faculties. 3. Students' publications in IEEE conferences based on their B.Tech and M.Tech level projects. Two Best paper awards in IEEE conference by one of our B.Tech Students. 4. 2 ongoing funded research projects. 5. 100 out of 126 students placed for 2025 pass-out batch (~78%), with majority in core companies. Many students have received multiple job offers. 6. Faculty retention > 90%. 7. PhD guidance by faculty members: 9 (ongoing). 8. NBA re-accreditation from July 2025 - June 2028.

Weaknesses	1. Only one high value funded project (59 lakhs). 2. Lack of industry supported labs. 3. No MOUs with industries at the departmental level. 4. Lack of research consultancy work. 5. Very few Q1/Q2 SCI journal publications.
Opportunities	1. Renewable Energy and Electric Vehicles have emerged as a major area with huge prospects. 2. Opportunity to further expand through the opening of Post Graduate Diploma courses. 3. Collaborations with nearby MSMEs. 4. The Autonomy syllabus provides emphasis on CS and VLSI domains. This may provide greater exposure and placement opportunities to our students.
Threats/Challenges	1. Admission trends suggest a large shift towards CS and its allied branches. Sub-par admissions (68/120) in 2024. 2. Industry exposure/work experiences of faculties are very limited. 3. Lack of research paper publications in domains such as Power Electronics, Machines & Drives, Embedded Systems, Industrial Automation.

D. DEPARMTENTAL DECENTRALIZED WORKING STRUCTURE

Different departmental committees with minutes of meeting of the committees (for decentralized working)

(Only provide Structure / Committees etc. Minutes of meetings will be cross verified at time of audit)

Different departmental committees with minutes of meeting of the committees (for decentralized working). The **Departmental Academic Committee (DAC)**, comprising all faculty members, serves as the core decision-making body. The following committees have been formed so that delegation of other activities related to the department may be carried out smoothly. The committees are:

1. Departmental Summer Internship committee
2. Departmental Examination committee
3. Departmental Admission committee
4. Departmental Budget committee
5. Departmental Library committee
6. Departmental R&D committee
7. Departmental MDP & Consulting Committee

These committees ensure that delegation of work is streamlined and discussions from DAC are addressed appropriately. The minutes of these meetings document decisions and progress, ensures transparency and accountability. Any discussion in DAC related to the aforementioned matters are generally taken up by the respective committees in their ensuing meetings. The Minutes of Meeting of the DAC and the above committees are attached separately.

T. ANY BEST PRACTICE FOLLOWED BY THE DEPARTMENT

Best practice with supporting details of implementation

There are myriad good practices at FMS which contribute immensely to the success of the students and the program in particular. However, a few activities need special mention. They are:

1. Classroom to Corporate Sessions: - "Classroom to Corporate" sessions are organized for final year students to prepare them for industries and make them aware of the corporate culture.

This includes: -

a) Employability Aptitude test (EAT): - Online aptitude test for final-year students is conducted at the beginning of every year. After an assessment, a diagnosis is prepared for various sections like logical reasoning, mathematics, and linguistics. Third-party assessors like Aon Cocubesand AMCAT are harnessed in the process, followed by continuous support of regular Assessment Based Training to make the students ready for the Campus Recruitment Processes.

b) Functional Domain Based Training (FDBT): To enhance the skills of our students and make them industry ready, regular-equipping and tooling their core competencies in their specialization domains like Finance, HR, Marketing, Operations, etc. is ensured vide thesecomprehensive training for more productive results. These are a set of Assessment Based Training where our alumni and Industry partners play a key role.

c) Soft Skills Enhancement Program (SSEP): - Skills concerned with Time Management, Planning and Prioritization, Attitude, Verbal and Nonverbal Skills, Effective Communication Skills, Group Discussion and Team Building Skills, Etiquette, and Interview Skills are facilitated with a continuous assessment-based training programwith a diagnostic- prescriptive approach to ensure enhanced levels of productivity.

2. Special Value Added Courses: Students at FMS get a holistic 360-degree exposure with the MBA program that translates theory into practice. FMS students get trained in how to handle the business and also how to improve their soft skills. Here, teaching is not only confined to classroom learning but students get exposure by applying the classroom concepts in the projects practically. There are various value-added courses which are available for students. A certificate for each of the courses is provided to the student and it may be reflected as a MOOCS Credit point as well. Listed below are the value-added courses offered in the AY 2024 - 2025.

a) VA 101- Soft Skills I: Managerial Aptitude (20 hrs : 2 Credits)

b) VA 201 -Soft Skills II: Becoming Change Agents & Business Leaders (30 hrs : 3 Credits)

c) VA 301 – Advanced Research Methods (40 Hrs : 4 Credits)

d) VA 401- Data Visualization using Power BI (8 weeks : 2 Credits)

A. SWOTANALYSIS:

SWOC	**ANALYSIS**
STRENGTH:	Established Department with Experienced Faculty members. Excellent Learning Resources and Placement facility at a reasonable Price point, offering value to prospective students. Good Alumni connect and Industry connect with faculty members conducting MDPs.
WEAKNESS:	Location far away from corporate houses, for regular industry-interactions, no control in modifying syllabi to include latest advancements, not accredited by international/Govt bodies or featuring in top NIRF rankings.
OPPORTUNITIES:	Scope for consultancy with the SME and other Private and Public sector industries, scope for obtaining research grants and projects from Govt institutions

Threats / Challenges:	Lesser job prospects in adjoining area and some students unwilling to venture out poses a challenge for quality placements. Quality of admissions has taken a hit with proliferation of management institutes across the country.

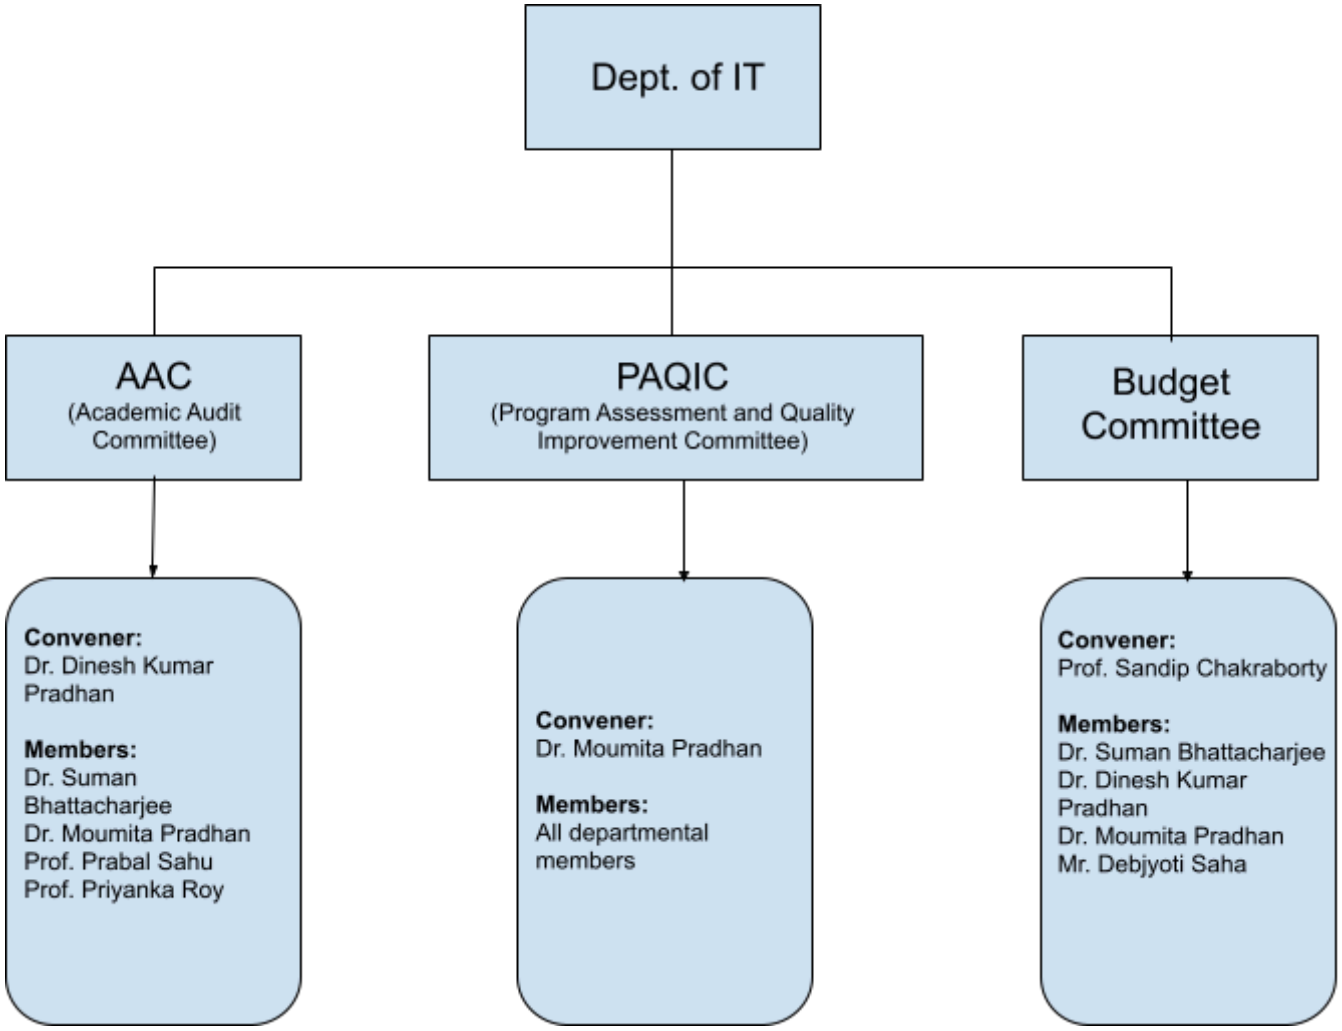
Please provide the list of faculty in the Department as per the below format separately (year wise). The list should be kept ready with all supporting evidence of Appointment letters/ Promotion letters/degree details/others if any

Faculty details of the Department of Information Technology are as follows:

D. DEPARMTENTAL DECENTRALIZED WORKING STRUCTURE

Different departmental committees with minutes of meeting of the committees (for decentralized working)

(Only provide Structure / Committees etc. Minutes of meetings will be cross verified at time of audit)



E. MINUTES OF THE MEETING

Internal Department Meeting minutes showing the discussion on the following issues. Whether students and parents are part of some meeting.

1. Subject Allocation: This meeting is conducted at the end of each Semester along with the Departmental Academic Council Meeting.
2. Lesson plans: This meeting is conducted once each semester (before the commencement of classes).
3. Syllabus Coverage: This meeting is conducted twice each semester along with the Departmental Academic Council Meeting. Student members are also a part of this meeting.
4. Feedback Analysis & Action taken: This meeting is conducted at the end of each Semester along with the Departmental Academic Council Meeting. Student members and parents are also a part of this meeting.
5. Program outcome and curricular Gap identification: This meeting is conducted twice each semester.
6. Mentoring: This meeting is conducted once every month along with the Departmental Academic Council Meeting.

H. COURSE FILE PREPARATION AND VERIFICATION:

Course file should include:

1. Vision & Mission of the Institute 2. Vision & Mission of the Department 3. Program Outcomes (POs) 4. Program Specific Outcomes (PSO) 5. Course Outcomes (COs) 6. Class Time Table & Faculty Time Table 7. Syllabus 8. Course handouts/Lecture schedule (include the list of additional topics to meet the outcomes, if required?) 9. Assignments/Tutorial question papers with solutions 10. Continuous evaluation papers with solutions 11. Lecture notes (Hand written/typed) 12. Consolidated attendance statement of students 13. Consolidated semester grades of students 14. Result analysis 15. Sample copies of evaluated answer scripts of Class test, assignments, tutorials, lab records (Highest, average and marginal pass). 15. Weak learner and advanced learner identification. 16. Remedial measures for weak learners

Q. FEEDBACK (STUDENT, PARENT, ALUMNI)

Whether the feedback is taken and action taken reports are prepared. Course end feedback and Program end feedback are required.

Feedback from students is taken at the end of each semester as well as at the end of the course. Alumni feedback is also collected centrally through the institute website.

A sample action taken report based on the feedback is as follows:

Action Taken Report

Academic Year **2024-2025**

A DAC/PAQIC meeting was convened on 30th July 2025, at 03:00 pm in IT OBE LAB-1, to deliberate on the Action Taken Report, drawing from the feedback on academics, facilities, and program end feedback for the Academic Year **2024-2025** EVEN Semester. The feedback was submitted on the college website online by 129 students of the department. Based on the aforesaid feedback of the students of the department and considering related aspects for the overall benefit of the students, the following actions were taken:

Summary of Findings

1. The Program End Survey evaluated student attainment across 12 key Course Outcomes (COs). While the majority responses indicated satisfaction ("Agree" and "Strongly Agree"), certain COs revealed **more than 6% combined disagreement**, suggesting areas for improvement.
2. Institutional Engagement (Internship, Soft Skills etc.) Moderate levels of satisfaction (~50%).

Actions Taken

Introduced dedicated modules on research methodologies, data interpretation using tools like R/Python, and experiment design frameworks.

1. Embedded case studies and capstone projects focused on real-world societal challenges and sustainable technologies.
2. Rolled out student-led magazines to encourage self-directed learning and technology awareness.
3. Introduced monthly seminars with industry experts focusing on team dynamics and stakeholder communication.
4. In addition to that the Department has initiated weekly syllabus tracking via ERP dashboards.
5. Collaborated with Training & Placement Cell to host **internship orientation sessions** and **soft skill modules**.

Through these targeted actions—spanning curriculum updates, pedagogy, skills workshops, and infrastructure enhancements—we aim to address the identified gaps and elevate overall student satisfaction. Continuous monitoring and adaptive feedback loops will ensure sustained quality improvement in learning outcomes.

A. SWOT ANALYSIS:

SWOC	ANALYSIS
STRENGTH:	Highly Qualified and Experienced Faculty Members from esteemed Institutions of National or Global importance. They are highly dedicated and well mannered, having inherent skills for teaching. Good infrastructure for classroom teaching, Tutorial rooms, Smart Classroom and well-equipped Computer Laboratory

WEAKNESS:	1. Lack of Research Laboratory and Research Work. 2. Lack of Vocational Training and Internship.
OPPORTUNITIES:	1. Encouraging Job and Startup opportunities 2. Supporting Management 3. Conducive working environment 4. Providing Career Advancement Course to the students to make them Industry ready.
Threats / Challenges:	1. Students should be made more motivated for research activities and hands on work, more practical and real-life problem solutions. 2. Students should be motivated to make themselves prepared for Industry ready.

M. STUDENT REGISTRATION AND ENROLMENT DETAILS

This should include the admitted student for the academic year and the all-other students who are enrolling during the odd semester.

Supporting documents for category and state of domicile must be maintained

Supporting documents for scholarships must be maintained.

Supporting documents for placement must be maintained.

Supporting documents for students progressing to higher studies must be maintained.

Supporting documents for students appearing for different examinations must be maintained.

Students Name	**University Roll No.**	**Project Title / Topic**	**Name of Supervisor**	**Semester**	**Batch (year of passing)**
AMAR NATH DEY	12000722046	Improvement in the Biodegradable Solid Waste Treatment and Utilization	DR. CHANDAN CHATTORAJ, Co-Guide-Dr.Saurav Ranjan Das, HOD-BSH	7th and 8th	2024-25
SOUVIK ROY	12000722074			7th and 8th	2024-25
ABHISHEK SAO	12000722089			7th and 8th	2024-25
ROHIT GORAI	12000722020	SURFACE ROUGHNESS ANALYSIS: A COMPARATIVE	Dr. MANOJ KUNDU	7th and 8th	2024-25
ADITYA KUMAR PASWAN	12000722023			7th and 8th	2024-25

TUHIN CHATTERJEE	12000722024	STUDY ON THE EFFECTS OF CUTTING FLUID IN TURNING & SHAPING OPERATIONS		7th and 8th	2024-25
PARTHO KUMAR PAL	12000722032	CUTTING FORCE ANALYSIS: A COMPARATIVE STUDY ON THE EFFECTS OF CUTTING FLUID IN TURNING OPERATION FOR CAST IRON AND ALUMINIUM		7th and 8th	2024-25
SOUMIK PAL	12000722036			7th and 8th	2024-25
PREM KUMAR BAURI	12000722059			7th and 8th	2024-25
MD Imran	12000721023	Composite beam analysis	Dr. Suman Karmakar	7th and 8th	2024-25
Prateek Kumar	12000722055			7th and 8th	2024-25
Krishanu Mondal	12000722079			7th and 8th	2024-25
Ritesh Singh	12000721022	Composite plate analysis		7th and 8th	2024-25
Shivam Mishra	12000721029			7th and 8th	2024-25
Anjali Singh	12000721026			7th and 8th	2024-25
SANTANU BASU RAY	12000721008	Design, Fabrication, Validation and Navigation of Wheeled Mobile Robot	Subhajit Bhattacharya	7th and 8th	2024-25
RAJDEEP BISWAS	12000721011			7th and 8th	2024-25
DEBKANTA GHOSH	12000721005	Fabrication and Programming of a Robotic Manipulator	Subhajit Bhattacharya	7th and 8th	2024-25
MONOHAR MAHATO	12000722088			7th and 8th	2024-25
DIYA MONDAL	12000722075	Development of IOT Based Smart Irrigation System	Subhajit Bhattacharya	7th and 8th	2024-25
SOURAV DAS	12000722083			7th and 8th	2024-25
SATTYAJIT MANDAL	12000722044	DEVELOPMENT AND FABRICATION OF SOLAR POWERED VEHICLE	Dr Subrata Samanta	7th and 8th	2024-25
CHIRANJEEB BAG	12000722045			7th and 8th	2024-25
ARITESH PAIRA	12000722047			7th and 8th	2024-25
SOHEL CHOWDHURY	12000721002	DESIGN OF SOLAR REFRIGERATION SYSTEM	Dr Subrata Samanta	7th and 8th	2024-25
PAPAI OJHA	12000721009			7th and 8th	2024-25
SUBHAM KUMAR MONDAL	12000722081			7th and 8th	2024-25
ABHISHEK KUMAR	12000721019	Vibration analysis of design of electro mechanical system	Koushik Chatterjee	7th and 8th	2024-25
NITISH KUMAR	12000722062			7th and 8th	2024-25
MD SHAKIR HASMI	12000722067			7th and 8th	2024-25
ADITYA VIKRAM PODDAR	12000721030	Design and Fabrication of Electro-Mechanical System	Koushik Chatterjee	7th and 8th	2024-25
ABDUL HANAN	12000722070			7th and 8th	2024-25
DEBJIT SINGHA	12000722082			7th and 8th	2024-25
Rony Pal	12000722066	Static Analysis of Helical Spring	Rakesh Biswas	7th and 8th	2024-25
Pritam Mondal	12000722069			7th and 8th	2024-25
Vidyanand Upadhyay	12000722056			7th and 8th	2024-25
Deepak Kumar	12000721027	Design & Structural Analysis of Connecting Rod	Rakesh Biswas	7th and 8th	2024-25
Diptangshu Bhattacharya	12000721013			7th and 8th	2024-25
Souvik Chakraborty	12000721032			7th and 8th	2024-25
BISHAL SINGH	12000722022	Experimental investigation of dissimilar metal joining of Mild Steel and Stainless-Steel	DR. SUBHAS CHANDRA MOI	7th and 8th	2024-25
ADITYA ANAND	12000722025			7th and 8th	2024-25
