Sub: Submission of sample Question Papers for the ensuing Odd Semester Examinations 2017-18

Dear Sir,

As desired by the Competent Authority, I would request you, like previous years, to kindly ensure participation of the faculty members of your college/institution in getting sample question papers for the ensuing Odd Semester Examinations 2017-18, for all UG & PG courses.

The pattern of question papers will be as follows:

1. Multiple Choice Questions (MCQ).....10 marks.
2. Three questions of 5 marks each requiring short answers.....15 marks.
3. Three questions of 15 marks each requiring some detailed deliberation.....45 marks.

You are also requested to kindly engage experienced faculty members for preparing the question papers and to ensure that the entire syllabus is covered in this exercise.

Kindly note that the question papers set by your esteemed colleagues should be routed through your office by indicating COURSE NAME, PAPER CODE and PAPER NAME and may be sent by marking "Confidential" on the top middle of the white envelope without any indication about the source/origin. In case of Question Papers set as per the old syllabus in any stream, the same should be specifically mentioned on the top of the envelope. All such envelopes may please be sent to the COE by name latest by October 10, 2017 or by mail to coe@wbut.ac.in / coemakautwb@gmail.com Please ensure that the Question Papers for the UG and PG programmes are sent to this office in separate envelopes.

We solicit your kind co-operation in this regard.

With best regards,

Sincerely yours,

 - a. Before start submitting questions in the bank, distribution of questions from difficulty level and different chapters need to be submitted.
 - b. Before entering any questions, marks of the question, difficulty level and chapter to be defined for the question.
10. Before submission of the question bank, view of the questions to be done with provision of final checking/editing.
11. Software would finally prepare the question as per prescribed formula.
12. Please be sure that no questions are repeated in the question bank.

WELCOME TO Digital Valuation

The Digital Valuation System is the best of its kind in the world. The entire process of answer scripts is done in a secure environment by digitizing the answer scripts first and then enabling the evaluation through our proprietary software solution. The process life cycle starts with the generation of a unique identified dummy number allocated to each answer copy (answer copies), digitization of answer scripts, online evaluation by the faculty, options for accessing answer keys and also moderation and report generation by the Controller of Examination.

CONCRETE TECHNOLOGY - 2019

Time Allotted: 3 Hours

Full Marks: 70

The questions are of equal value.

The figures in the margin indicate full marks.

All symbols have usual significance. Reasonable values of any data if not supplied in the question may be assumed.

GROUP – A

(Multiple Choice type Questions)

1. Answer any ten of the following

(1 x 10 = 10)

- i. Compacting factor of 0.87 indicates a mix of
 - a) Medium workability
 - b) Very low workability
 - c) Low workability
 - d) High workability
- ii. In concrete mix design, allowance for bulking of sand is necessary in case of
 - a) Weigh batching
 - b) Volume batching
 - c) Both (a) and (b)
 - d) None of these.
- iii. Due to increase in the size of specimen the effect on strength of concrete
 - a) Decreases
 - b) Increases
 - c) First increases then decreases
 - d) None of these.
- iv. Air permeability method is used to determine
 - a) Specific surface of cement
 - b) Soundness of cement
 - c) None of these.
 - d) Setting time
- v. Bulking of sand is caused due to
 - a) Surface moisture
 - b) Clay content
 - c) Air voids
 - d) Viscosity
- vi. Los Angeles machine is used to test the aggregate for
 - a) Crushing strength
 - b) Impact value
 - c) Toughness property
 - d) Water absorption
- vii. Workability of concrete is inversely proportional to
 - a) Time of transit
 - b) Water-cement ratio
 - c) The air in the mix
 - d) Size of aggregate
- viii. The pH value of water suitable for concrete construction is
 - a) 3-4
 - b) 5-6
 - c) 8-9
 - d) 6-8.
- ix. In ultrasonic pulse velocity test for hardened concrete good quality of concrete is indicated if the pulse velocity is

- a) Below 3.0 km/sec
 b) Above 3.5 km/sec
 c) Between 3.0 to 3.5 km/sec
 d) None of these
- x. If fineness modulus of sand is 2.5, it is graded as
 a) Very fine sand
 b) Fine sand
 c) Medium sand
 d) Coarse sand
- xi. The shrinkage of concrete can be reduced by reducing:
 a) The temperature
 b) The water content of mix
 c) The cement in the mix
 d) The sand content of mix
- xii. Following compounds can be used as accelerators except
 a) CaCl_2
 b) CaSO_4
 c) Na_2SO_4
 d) NaCl

GROUP – B

(Short Answer type Questions)

Answer any three of the following (3x5 = 15)

2. Calculate the percentage of Bogue's compound in a cement composed of following oxides: CaO (63%), SiO_2 (20%), Al_2O_3 (6%), Fe_2O_3 (3%) and SO_3 (2%). (5)
3. Write a short note on slump-cone test. (5)
4. Write a short note on no-fines concrete. (5)
5. Explain the experimental procedure to determine the silt content of sand sample? (5)
6. What is the use of rapid hardening cement? State the field application of low heat cement? (3+2)

GROUP – C

(Long Answer type Questions)

Answer any three of the following (3x15 = 45)

7. Describe the following tests(any three): (5+5+5)
 (a) Standard Consistency of cement
 (b) Bulking of Sand
 (c) Ultrasonic Pulse Velocity Test
 (d) Specific Gravity of Cement
8. Design a concrete mix of grade M30 grade concrete using the following data as per IS 10262:2009: (15)
 (a) Maximum nominal size of aggregate: 20mm
 (b) Shape of coarse aggregate: crushed angular
 (c) Minimum & Maximum cement content: 260 kg/m^3 & 450 kg/m^3
 (d) Cement used: Portland Slag Cement
 (e) Exposure conditions : Very Severe
 (f) Degree of workability : Low
 (g) Specific gravity of cement: 3.1
 (h) Specific gravity of fine aggregate: 2.62
 (i) Specific gravity of coarse aggregate: 2.77

- (j) Water absorption:
 - (i) coarse aggregate: 1 percent
 - (ii) fine aggregate: 2 percent

- (k) Moisture content:
 - (i) coarse aggregate: 1 percent
 - (ii) fine aggregate: 2 percent

(l) Fine aggregate conforming to grading zone III as per IS383.

- 9. (a) What is the role of “Air Entrainment Admixture” in concrete? (4+4+4+3)
- (b) Write a short note on underwater concreting?
- (c) Write a short note on curing of concrete?
- (d) State the comparison between cube and cylinder strength?
- 10. (a) What are the factors affecting strength of concrete? (6+5+4)
- (b) What are the factors affecting workability of concrete?
- (c) Write a short note on flexural test on concrete prisms?
- 11 Explain need and importance of crushing value, impact value, abrasion value, elongation index and flakiness index of coarse aggregate. (3 x 5)

Sir,

Sub.: On Duty Leave for Semester Examination Copy Evaluation as per Urgent University Directive.

As per the instructions of the HoD, FMS, in accordance with the urgent requests conveyed by MAKAUT regarding the issue named, it is required that I present myself at the designated venue for evaluation of the examination copies of the odd semester examination, 2018.

Hence I request you to kindly grant On Duty Leave for the duration 17.01.2019, Thursday to 19.01.2019, Saturday only, taking due note of the severe pressure of the MBA admissions process (in particular, the scheduled GD and PI of MAT, December 2018 candidates) and assigned departmental and non-departmental classes. If possible, it is earnestly requested that the University be duly apprised of this workload and, in particular, the critical nature of the MBA admission process, so that release is duly granted by the University at the end of the stated period.

Thank you.

Respected Sir,

I have the honour to invite your kind attention to the fact that- I went to MAKAUT even semester examination copy checking center on 21/07/2016. But due to massive traffic jam for WB chief ministers' samabes at Kolkata, I reached the center late. Therefore, the MAKAUT copy checking center-in-charge informed our college examination center-in-charge Prof. K. C. Ghosh that I may get on duty on 21/07/2016.

Therefore, I hope that you will consider and grant my on duty leave for 21/07/2016.

Thanking you,
