# 2-DAYS WORKSHOP, 2<sup>ND</sup> AND 3<sup>RD</sup> MARCH, 2016, BCREC TEXAS INSTRUMENTS

## WORKSHOP ON:

**MSP430f5529 Launchpad:** LaunchPads are microcontroller development kits from Texas Instruments. They come in a variety of flavors to address your various project needs. All LaunchPad kits include everything you need to begin developing applications in minutes.

**CC3100 Boost:** BoosterPacks are plug-in modules that fit on top of your LaunchPad. These innovative tools plug into a consistent and standardized connector on the LaunchPad and allow developers to explore different applications enabled by your favorite TI microcontroller.

Man, I thought TI made calculators! Do I have to be an electrical/electronics engineer in order to use TI silicon? --Anyone can make! LaunchPad and Energia enable anyone interested in technology and microcontroller projects to get started right away. Just purchase your board, download Energia, and watch our videos and tutorials on how to get up and running.

**CERTIFICATE ISSUED
