Hello Prabal & BCREC team,

Thank you for your interest for MieRobot. It gets me immense pleasure to share our proposal for the popular MieRobot seminars. The attached pdf has the details along with some technical requirements.

We propose to do a (second half post lunch) half day seminar (CSE/IT B-Tech only)-

- Topic 1 Machine learning career trends 2 hrs
- Topic 2 Block chain basics and a cloud demo on a basic block chain 1.5 hrs

We are coming to Kolkata on March second week for another University & have the date of **19th March** available to come down at your Durgapur campus. The seminar delivery is free as we do it as part of our social corporate responsibility to drive industry academia collaboration. We just need a local car pick up drop from **Durgapur Bus stand (Volvo stand - City center).**

We have been at The Neotia University, Techno India SIT, SIEM & NSIM Durgapur already for such seminar tracks before in West Bengal.

Please let us know your interest level before **28th Feb** so that we can confirm back.

Speaker details is at <https://www.mierobot.com/anirban-ghatak-guest-kolkata>

Other small details like Projector, survey, posters & logistics needed at <https://www.mierobot.com/past-seminars>

Looking forward to meet you and students at BCREC soon. For any questions please call (9606197280) or email me anytime.

Regards,

Anirban Ghatak, PMP.

Senior Director,
