Dear All,

To preserve the Biodiversity on Mother Earth, I am sharing a beautiful message of the Honourable Chairman, AICTE.

Please try to conserve and restore the balance of our eco-system from your end, to the best possible way!

DIRECTOR

Dear Principal / Director,

Greetings from All India Council for Technical Education...!

World Environment Day, which is held each year on 5th June is one of the principal vehicles through which the United Nations (UN) stimulates worldwide awareness of the environment and enhances political attention and action.

One of the primary focuses of World Environment Day is on Biodiversity of life on Earth or, often, the variety and variability of life on Earth.

Biodiversity is typically a measure of variation at the genetic, species, and ecosystem level. Aggressive demands of the mankind is endangering the delicate eco-system and posing a great threat to the nature. This in turn is also pushing the mankind every day closer and closer to extinction. Recent events are amply proving this and are sending advance warning to us.

Huge response of the students from AICTE approved institutions and their proactive participation in some of the recent AICTE initiatives like One Student One Tree, Clean & Green Campus, along with Government of India's Jalabhyan, Swachhta Abhiyan are ample illustrations of younger generation's serious concern about preserving our Environment and its Sustainability.

On this World Environment Day 2020, let us re-join hands to preserve the Biodiversity on earth.

Let us pledge to conserve and restore the balance of our eco-system, in our self-interest, so that the mankind survives extinction.

With regards
 Chairman, AICTE
